ONE Installation Tool for all sizes SK & LK EXPANDERS®
Battery Powered

SETTING TOOL EXTOOL-B-010

Battery Tool for Series LK/SK with Mandrel Collection Device

The new battery powered ExTool-B-010 provides the same efficient, high-performance capabilities found in our hydro-pneumatic ExTools. A rechargeable lithium-ion battery provides reliable power, eliminates the need for a pneumatic hose, and allows for mobile, flexible installation of the full line of SK and LK KOENIG EXPANDER plugs. The unit features the same maximum pulling force of other ExTool models.

Price is \$4,685

Set of equipment LK/SK 4-6mm \$595

Set of equipment LK/SK 7-10mm \$725
